# Visual resources: social story example

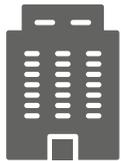

On Monday I start my new job

I start at 9am

I need to get the number 436 bus

When I get to the office

I need to ask for Sam

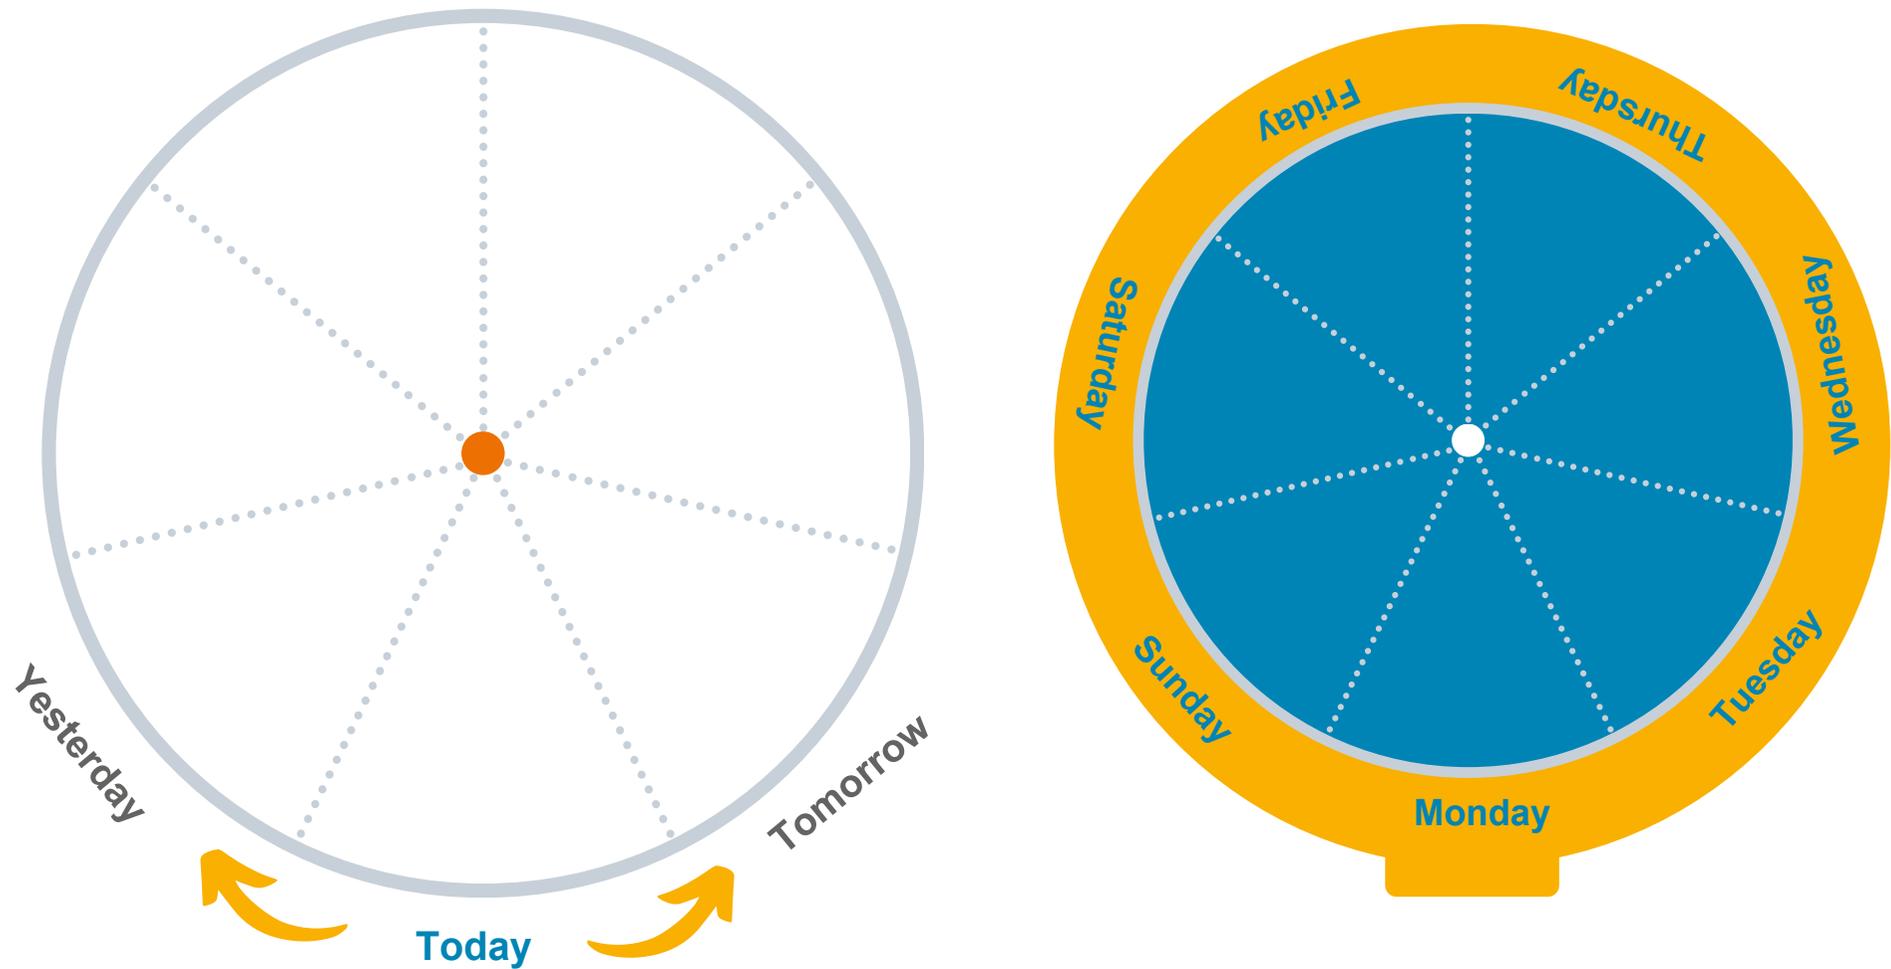

he is my new work buddy

This is a basic example of a social story. You can go into as much or as little depth as you feel is relevant for the situation. Where possible, using photographs is a good idea. For example of new colleagues of their work station. The important thing is making it as clear as possible.

# Visual resources: days of the week tracker

1. Cut out both wheels (use card and laminate to help it last)
2. Using something sharp, pierce a hole through the white and orange dots with the days wheel on top. (Use blue tack or something soft to protect your fingers and surfaces whilst making the hole)
3. Use a split pin to fasten the wheels together and your days of the week spinning wheel is ready to use!
