# About BeyondAutism

We are experts in delivering autism education services from pre-school to 25. BeyondAutism is a non-profit organisation, driving change in the world of autism education to ensure autistic children and young adults access an education which empowers a life full of choice, independence and opportunity. We do this by creating positive educational experiences, training for the professional team around a child, and information, resources and support for families and carers.

## Our services:

We deliver rapid and sustained outcomes in our Early Years' service by working with parents and children together. Empowering parents to feel resilient and confident in meeting the needs of their child leads to aspirational, informed choices creating a positive and successful step into primary education.

Our schools and Post-19 service have a specialist curriculum that ensures sustained success beyond the age of 25, setting children and young adults up with the skills and independence to lead a life of their choosing. By teaching them the academic and life skills they need and through the promotion of a happy, caring environment, we nurture the confidence, independence and self-belief to enable them to make the most of the next stage of their life or education.

We also work more widely, activating networks and building local capacity with our solution focused Outreach team. Our unique BeyondAutism Fast Responder® service works at the point of crisis to change the national picture and reduce school placement breakdown.

## Our values

At BeyondAutism we are:

### Dedicated to delivering excellence

Developing expertise, outstanding services and positive engagement, always seeking to go above and beyond expectations.

### Committed to Behaviour Analysis, underpinned by the science of Applied Behaviour Analysis and Verbal Behaviour

Contributing to research and ensuring our staff continually develop and share best practice that ensure aspirational outcomes are achieved for autistic individuals.

### Respectful

Embracing diversity, showing integrity, acting with compassion and always treating people with dignity.

### Proud to challenge

Listening, changing thinking, shifting attitudes and educating.

## Job overview

- As a Teaching and Learning Mentor you will be supporting autistic young adults, delivering outstanding education that empowers a life full of choice, independence and opportunity
- You will develop the communication, independence and daily living skills of your learner making a direct impact on the quality of life for that person
- Under the tutelage of a Behaviour Analyst, you will be working as part of an experienced interdisciplinary team committed to living the vision and values of the organisation

# The graduate programme

## Roles will appeal to Psychology graduates and post-graduates

We are looking to appoint recent graduates or post-graduates, including those in the last year of their degree, who want to make a difference in the lives of autistic children and young adults. You should have a degree in Psychology or a relevant postgraduate qualification and a commitment to expanding your skills in the field of special education and behaviour analysis. A willingness to learn and play your role in a team is essential. Learning Practitioners work one-to-one with pupils aged 4 – 19 as part of a multi-skilled team in our specialist schools. Learning Mentors work one-to-one with young adults aged 19 – 25 with a blend of hub and community-based education.

## Our two year graduate programme provides:

- Structured induction to teaching strategies underpinned by behaviour analysis
- An opportunity to work alongside and experience other professions such as Speech and Language Therapy, Occupational Therapy and qualified teaching
- Monthly professional development & mentoring
- Tailored training and support
- The opportunity to be sponsored for a post-graduate qualification
- Expert supervision, delivered either individually or as a small group
- Where applicable, professional supervision towards accreditation (depending on your area of postgraduate study)
- Support in working towards Behaviour Analyst certification
- Work experience with autistic children and young adults from 4 to 25
- Start dates available from September to October

Year 1	Year 2
Induction to BeyondAutism	Continuing professional development
Training in behaviour analysis	Experience wider professions within BeyondAutism, including Speech and Language Therapy, Occupational Therapy and qualified teaching.
Training in wider topics associated with special educational needs, teaching, learning and autism	Extend experience by working in more BeyondAutism services with different learners and colleagues
Develop experience working 1:1 with learners	Continue supervision with a range of experienced professions from across the organisation
Begin supervision	Work towards an appropriate next step, including specialising and promotion
Experience working in our primary, secondary and Post-19 services	Be supported to gain certification as appropriate

## Career paths and future development

At the conclusion of the two years, you will continue to be part of the permanent team at BeyondAutism and will complete a career plan to enable us to work with you to define your next career steps. You may decide to move up the career ladder to lead roles in the schools or Post-19 Hubs. Or you may elect to focus on alternative careers, study for Qualified Teacher Status or become an Occupational or Speech and Language Therapist. You may decide to move on to other settings to build experience for a career in other areas of Psychology. Whatever your future plans, our programme offers you a firm platform from which to build your career.

## Key tasks

- To work in a team providing Behaviour Analytic instruction to a young adult with autism and related communication disorders.
- To support a young adult out in the local community, including developing skills to use public transport, developing social and communication skills, promoting independence and encouraging personal interests.
- To analyse students' behaviour to allow for a function of the behaviour to be identified and to deal with the behaviour where appropriate in a calm and professional manner and in accordance with individual student behaviour plans, risk assessments and BeyondAutism policy. This may include the use of positive handling techniques (Team Teach).
- To ensure that individual and class timetables are adhered to at all times.
- To be flexible and willing to follow any variations in staff timetabling and student cover – including last minute changes implemented when necessary.
- To collect and record clear data on all programmes, including accurate analysis and recording of sequence-analysis-data (Antecedent-Behaviour-Consequence).
- To provide intimate care (e.g. toileting, medication and support with feeding) for students in the hub and whilst in the community as required.
- To supervise and support students on activities and trips, including swimming.
- To be responsible for the safeguarding and health and safety of students in the hub and whilst in the community, including the maintaining of a safe environment, following and implementing relevant policies and risk assessments as appropriate.
- To graph daily and weekly progress accurately.
- To monitor and maintain your clipboards and programme folders, ensuring they are kept up to date and ready for an unfamiliar Mentor.
- To ensure the production, organisation and maintenance of curricular and teaching materials are age appropriate, functional and relevant to your learner.
- To inform your Behaviour Analyst of 2-week flatlines on programmes within your folder so that progress can be monitored and teaching procedures amended where applicable.
- To complete the home-communication book daily in accordance with relevant policy and ensure good home-school communication.
- To actively participate in staff meetings, training and performance competencies on a regular basis. To undertake appropriate professional development on a range of relevant issues as agreed. To play an active role in your own training and progression in understanding and your ability to apply the principles and procedures of Behaviour Analysis.

## Additional/general

- Safeguarding the security, safety and wellbeing of students at all times, including in the hub and out in the community reporting any concerns in accordance with the Safeguarding Policy.
- To monitor general health and safety, rectifying any concerns or reporting to Health and Safety Officer / Site Manager as needed.
- To understand, adhere to and actively implement all the policies and procedures of BeyondAutism at all times.
- To actively participate in staff meetings and staff training sessions.
- To develop knowledge of autism including the impact upon individuals and families and to demonstrate a thorough knowledge of Behaviour Analytic procedures and practice.
- To represent the charity at organised charity events and contribute to the organisation and running of the event when needed / out of hours on a voluntary basis.
- To undertake additional tasks as directed by the Behaviour Analyst.
- To operate and comply with the provisions of the Data Protection Act 1998 and relevant BeyondAutism policies during the course of undertaking the role.

# What you will bring to the role
